

STONE EAGLE

A ROCK SOLID OPPORTUNITY TO PLAY MOUNTAINS OF GOLF

"The background of the mountain is spectacular and unlike anything I've ever worked with before. The other attraction is the absence of housing. Once you get to the first tee, there's nothing to distract you from the golf"

TOM DOAK

The spectacular backdrops and majestic views from the course were an integral part of Doak's vision for the design and flow of Stone Eagle. This vision has resulted in one of the most pleasurable and perpetually interesting courses to play in America. And after golf, The Aerie, located on a bluff

overlooking a stunning par three 19th hole, offers a culinary spectacle complete with sweeping views, a truly world class dining experience. With this exclusive membership nearing capacity, now is the perfect opportunity to fill the last remaining spots.

For membership information, contact
Justin Amelung direct at (760) 250-1723 or JAmelung@StoneEagleGolf.com
